

ISLAND RACE 1972

General Information

The above race will be held on Sunday 3rd September and is open to all classes of craft allocated a handicap number on the Portsmouth Yardstick

The race this year is being changed as an experiment, and the start and finish will be at the Sheppey Yacht Club, Marine Parade, Sheerness.

This change will mean that all competing craft will have to negotiate Kingsferry Bridge. How this is to be done will be explained in the sailing instructions, but dinghy helmsmen are forewarned that *all* dinghy mainsails will have to be lowered before going under the bridge. Predicted clearance at Kingsferry Bridge for 3rd September is between 22 and 24 feet.

A separate race will be organized for Multi-hulls starting at 10.30 hrs. The dinghies will be divided into two or more divisions, the first starting at 11.00 hrs. All helmsmen must be amateur members of a recognised Yacht Club or Sailing Club.

PRIZES FOR DINGHIES The "Island Cup" for overall winner on handicap.

The "Abbott Salver" for the best performance by a boat based on the Isle of Sheppey or River Swale.

Prizes will also be awarded to the second and third boats on overall handicap position, and to the first boat of each class with a minimum of four starters with the addition of second and third prizes for classes of not less than eight and twelve starters respectively.
